Figure 1: A schematic diagram of the proposed system architecture. The diagram shows a sequence of operations: 'Input' (represented by a box with a question mark), followed by a 'Process' block (a rectangle with a dashed border), and then an 'Output' block (a rectangle with a solid border). The 'Process' block is connected to the 'Output' block by a solid line. Above the 'Process' block, there is a label 'FCA' and a dashed line. Below the 'Process' block, there is a label 'FCA' and a dashed line. The entire diagram is enclosed in a dashed border.
